Dear Sir:--

We are in receipt of your favor of the 11th. inst. in regard to the grate bars ordered of us and note that the bars desired are 5'3" in length and that it does not make any difference to you as to the number of right and left hand bars that you receive. These bars would reverse but the direction of the v shaped opening would not run in the same direction in the furnace with the other grate bars, but this would not make any material difference in the working.

We will fill your order as quickly as possible, and thanking you for same, remain,

Yours very truly,
